REMINDER!!!
Monthly Coordinator Call
The next Coordinator call is scheduled for Thursday, February 16th at 10.30am

Neuro Teleconference Line:
USA Toll-Free: (877)848-7030
Access Code: 3386580

Enrollment Update

- iDEF – 212
- MISTIE III – 442
- CREST 2 – 482
- Telerehab in Stroke – 74
- DEFUSE 3 – 108
- POINT – 4,149

Reminder to review and complete SOPs forms!
We will also be touch to have Conflict of Interest forms updated.

RCC24 is currently enrolling in Defuse 3, MISTIE III, POINT and Crest-2

We will continue schedule satellite site visits. We have two coming up within the next two months!

The renewal grant will be submitted in the fall. Participation is more important than ever!

Please note the scholarship program for minority or disabled physicians.

At the end, please find the latest bi-weekly StrokeNet newsletter.

*Notes:*
- **Active:** Project is currently active.
- **Inactive:** Project is inactive.
- **Awarded:** Project is awarded.
- **# of days since previous milestone:** Days since the last milestone.
The next Steering Committee call will be **8-March, 2017, at 12 noon ET**. The 8-February call has been CANCELED.

**ARCADIA Ancillary Studies**

Please review the email sent to RCC PIs/Network Coordinators on 18-January, with information about ancillary studies pertaining to the ARCADIA trial. Questions? Contact the PIs: Mitch Elkind, mse13@columbia.edu, Hooman Kamel hok9010@med.cornell.edu, David Tirschwell tirsch@uw.edu, Will Longstreth wl@uw.edu

**Training – Programs and Courses**

**TRANSCENDS Scholars Program**

(Training in Research for Academic Neurologists to Sustain Careers and Enhance the Numbers of Diverse Scholars)

The AAN is collaborating with the Medical University of South Carolina (MUSC) to offer the **TRANSCENDS** (Training in Research for Academic Neurologists to Sustain Careers and Enhance the Numbers of Diverse Scholars) Scholars program. This program is funded by a National Institutes of Health (NIH) R25 grant and is being administered by MUSC and the AAN. The TRANSCENDS program is designed to train and mentor promising early-career neurologists to conduct high-quality neurologic research and achieve a successful academic career. Eligibility is limited to those who are disabled
and/or belong to an underrepresented minority in neurology including Black/African American, Hispanic, Latino, Native American, Pacific Islander, Native Alaskan, or Hawaiian, and are in any of the following career stages: a) Fellows in a formal neurology sub-specialty training program; b) Neurology faculty three years or less from first academic appointment, or c) Neurologists five years or less from completion of residency.

- Application Deadline: February 22, 2017, at 11:59 p.m. ET.
- Applications received after February 22 will not be considered.
- New scholars will be notified by March 15, 2017.

Please find more information and application details at: https://www.aan.com/research-and-awards/transcends-scholar-program-application/?utm_source=Informz&utm_medium=Email&utm_campaign=17+TRANSCE+NDS+1&_zs=h8mgd1&_zl=qDCX3

The NINDS Clinical Trials Methodology Course (CTMC)

The NINDS Clinical Trials Methodology Course (CTMC) is accepting applications for the 2017 cohort. See the attached flyer. The application deadline is February 28, 2017 at midnight Pacific Time.

The CTMC is an intensive, engaging program designed to help junior investigators develop scientifically rigorous, yet practical clinical trial protocols. The course features a combination of distance learning activities and a residential course, along with small group mentorship from experienced clinical trialists and biostatisticians. The residential course will be held on August 7-11, 2017 in Iowa City, Iowa. Funding for travel and accommodations will be provided. Application forms and additional details are available on the course website https://nett.umich.edu/training/ctmc

If you have any questions please email mailto:NINDS-CTMC-Info@umich.edu

Upcoming Conferences and Seminars

UPMC Acute Stroke Management Nursing Symposium
Friday, 21-April, 2017
Hilton Garden Inn, Canonsburg, PA

This symposium targets nurses or other healthcare providers involved in or interested in the care of stroke patients. Registration is now open for the UPMC Acute Stroke Management Nursing Symposium. See the attached brochure for details. Early registration until 6-April. Visit https://ccehs.upmc.com/liveFormalCourses.jsf for additional information. Questions? Contact Holly Kromer at mailto:strokeconf@upmc.edu.
Upcoming NIH Seminars

Below is information on 2017 NIH Funding & Grant Administration Programs. This includes grant prep, eRA (eCommons), Administrator Boot Camp, IP, etc. Trainees, coordinators, project managers and new administrators may find this beneficial.

6th World Intracranial Hemorrhage Conference (WICH 2017)
May 1-3, 2017, Baltimore Maryland

Johns Hopkins University will be hosting the 6th World Intracranial Hemorrhage Conference (WICH 2017) on May 1-3, 2017 in Baltimore, Maryland, United States. The Conference will feature highly respected speakers who will share, discuss, debate and dissect significant new developments and scientific advancements that will impact the future of intracranial hemorrhage. The planned program will provide learning opportunities for students, medical specialists and clinicians from all fields of endeavor, as well as world-class content for researchers and industry supporters.
The main theme of the conference is "Accelerating Scientific Discoveries and Major Milestones in Intracranial Hemorrhage Therapeutics." The conference will lay a platform for the interaction between experts around the world and aims to encourage further research via the exchange of ideas between researchers and clinicians. The program will include all fields of intracranial hemorrhage, in order to understand the mechanisms behind these varied conditions and discuss how to improve their treatments.

Register at [http://www.worldich.org/](http://www.worldich.org/). Early registration deadline is **February 15, 2017**.

**UCLA Brain Attack! '17**  
Carnasale Commons, UCLA Campus  
Los Angeles, California  
May 06, 2017

### Coordinator Webinar

There is no coordinator webinar this month. There will be an in-person meeting on 20-February, after the Network Meeting in Houston, at the Marriott Marquis, at 1:00 pm CT in the Briargrove A meeting room on the third floor. RSVP to Dave, david.haney@uhhospitals.org.

To join Coordinator Webinars: [https://nihstrokenet.adobeconnect.com/coordinator/](https://nihstrokenet.adobeconnect.com/coordinator/)  
Please enter as a guest, then add your first and last name or email address. For Audio: Dial-In Number: (877) 621-0220 Passcode 434578.

Please send suggestions for future coordinator webinar ideas to beckmare@ucmail.uc.edu.

### Professional Development Webinar

**Professional Development Webinars are a requirement for the NIH StrokeNet Trainees**

**Presentations:**  
1:00 PM - **Weifei Zhu, MD** - Case Western - The role of gut microbes in altering susceptibility for the development of stroke  
1:30 PM – **Emily Goldman, PhD** – NYU - A prediction model for depression symptom course during the first year following stroke or transient ischemic attack (TIA)
When: Tuesday, February 28, 2017 - 1:00 PM ET

Moderator: TBA

To join the meeting: https://nihstrokenet.adobeconnect.com/pdw/ To take part in the conversation you must dial in. 1 (877) 621-0220 Passcode Number: 190825

Grand Rounds

Grand Rounds are a requirement for the NIH StrokeNet Trainees, however all are welcome to participate.

The Grand Rounds previously scheduled for 23-February has been rescheduled. Look for the new date soon.

To join the meeting: https://nihstrokenet.adobeconnect.com/grandrounds/ Please enter as a guest, then your email address or complete name.

To take part in the conversation you must dial in. 1 (877) 621-0220 Passcode Number: 190825

NIH StrokeNet Employment Opportunities

Vascular Neurologists
Beth Israel Deaconess Medical Center (BIDMC) and Harvard Medical School (HMS)

The Division of Stroke and Cerebrovascular Disease at Beth Israel Deaconess Medical Center (BIDMC) and Harvard Medical School (HMS) are searching for vascular neurologists with academic interests at the Instructor to Associate Professor level. Candidates must be ABPN-eligible or -certified in vascular neurology. Successful candidates are expected to participate in the clinical activities within the stroke program including time on the inpatient and consult stroke services and telestroke, and to be involved in various research, outreach, and teaching activities of the stroke program.

For more information about these positions, please contact Dr. Magdy Selim, Chief of the Stroke Division at BIDMC at mselim@bidmc.harvard.edu or (617-632-8913).

For information about the BIDMC stroke program, please visit: http://www.bidmc.org/Centers-and-Departments/Departments/Neurology/Stroke-and-Cerebrovascular-Diseases.aspx

BIDMC and HMS are EO AA employers, and encourage women and minority applications.
The University of Florida anticipates opening a new free-standing Neurology-Neurosurgery hospital in 2017. A new division chief is sought to direct a program aimed to quickly grow to 6-8 (5 current faculty) vascular boarded neurologists. The chief will be charged with the goal to make UF a leader in basic, clinical and translational stroke care and research. The chief can be a basic scientist, a translational researcher, or clinician-researcher. The chief will direct a large fellowship program and a telemedicine initiative. The opportunity will include a competitive salary and benefit package and a significant start-up package for recruitment, care, education, and research (including laboratory space). Candidates can be of any academic rank but must have current vascular neurology boards and significant past or present experience as a stroke neurologist.

Contact:
Michael S. Okun, M.D.
Adelaide Lackner Professor and Chairman of Neurology
Email: okun@neurology.ufl.edu

For more information about StrokeNet employment opportunities, please visit http://nihstrokenet.org/education/employment-opportunities

IMPORTANT: StrokeNet Network Meeting
Houston, TX 20-Feb 2017

The REVISED agenda for the NIH StrokeNet Network Meeting on Monday, 20-February, 2017, in Houston, Texas is attached. There have been a few room changes, so please take a look. The breakouts will be held on the third floor, with the Network Meeting and DEFUSE 3 Investigator Meeting on the fourth floor. Please make sure that you have RSVPd appropriately to DEFUSE 3 and Telerehab if you are attending their Investigator Meetings.

NOTE: If your RCC has indicated that you will receive reimbursement for your lodging (2 nights’ room and tax only), after the meeting please send Rose the hotel receipt, along with the address that you would like us to send the check.

Enrollment Update:

iDEF – 212 subjects
MISTIE III – 442 subjects
CREST 2 – 482 subjects
Telerehabilitation in Stroke – 74
DEFUSE 3 – 108

Please share this with your clinical performing sites and satellite sites!
Contact: Jamey Frasure, PhD, RN, Director NIH StrokeNet Coordinating Center I frasurjs@ucmail.uc.edu I 513-558-1742 https://www.nihstrokenet.org
Steering Committee Call

The next Steering Committee call will be **8-February, 2017, at 12 noon ET.**

VA CIRB News

The NIH StrokeNet will soon be able to add VA facilities to your RCC, beginning with the ARCADIA trial, and eventually for future trials. While there will be more information to follow, the instructions for adding VA facilities, along with “ADM 23 SOP NIH StrokeNet and VA Central IRB Collaboration”, is attached to this Biweekly Update. This SOP can also be found on the nihstrokenet.org website at [http://nihstrokenet.org/sop_gcp](http://nihstrokenet.org/sop_gcp). For questions in regard to adding VA facilities, contact Diane Sparks, dsparks@uc.edu.

ARCADIA Ancillary Studies

Please review the email sent to RCC PIs/Network Coordinators on 18-January, with information about ancillary studies pertaining to the ARCADIA trial. Questions? Contact the PIs: Mitch Elkind, mse13@columbia.edu, Hooman Kamel hok9010@med.cornell.edu, David Tirschwell tirsch@uw.edu, Will Longstreth wl@uw.edu
Upcoming Conferences and Seminars

Collection of Race and Ethnicity Data in Clinical Trials
Webinar, 24-January, 2017, 12-1:00 PM ET

Please see the attached flyer to register to attend this webinar, which focuses on a recently released FDA guidance document entitled “Collection of Race and Ethnicity Data in Clinical Trials”

The NINDS Clinical Trials Methodology Course (CTMC)
The NINDS Clinical Trials Methodology Course (CTMC) is accepting applications for the 2017 cohort. See the attached flyer. The application deadline is February 28, 2017 at midnight Pacific Time.

Division Chief, Stroke and Vascular Neurology  
University of Florida, Gainesville (The Florida Gators)

The University of Florida anticipates opening a new free-standing Neurology-Neurosurgery hospital in 2017. A new division chief is sought to direct a program aimed to quickly grow to 6-8 (5 current faculty) vascular boarded neurologists. The chief will be charged with the goal to make UF a leader in basic, clinical and translational stroke care and research. The chief can be a basic scientist, a translational researcher, or clinician-researcher. The chief will direct a large fellowship program and a telemedicine initiative. The opportunity will include a competitive salary and benefit package and a significant start-up package for recruitment, care, education, and research (including laboratory space). Candidates can be of any academic rank but must have current vascular neurology boards and significant past or present experience as a stroke neurologist.
